MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy Letter #19 - Commanders Policy on Equal Employment Opportunity (EEO)

1. The United States Army Garrison Ansbach has a history of honest, cooperative, and fair employment practices. Equal employment opportunity and an environment free from prejudice and unlawful discrimination are essential to the fulfillment of our mission requirements and to ensure all civilian employees are afforded an opportunity to achieve their potential.
2. Provide each civilian employee, former employee, or applicant for employment opportunities based on merit, and without regard to race, color, and gender, national origin, and age, reprisal, and religion, physical or mental disability.
4. I expect each supervisor, manager, and leader to comply with federal laws and Department of Army regulations prohibiting unlawful discrimination in the work place, and to assist me in ensuring that equal employment opportunity remains the standard throughout the United States Army Garrison Ansbach area of responsibility.
5. This policy letter will be posted on all official bulletin boards.

  
TAMMY S. McKENNA  
LTC, CM  
Commanding
